Concussion in Youth Sports

A concussion is an injury caused by a bump, blow, or jolt to the head. Our coaches here have been trained, according to Vermont State law, to recognize and manage possible concussion. "When in doubt, keep the athlete out of play."

Soccer Schedules for grades 5&6 and 7&8 are attached and are available in the school office.

From the Kitchen

- We are urging students to choose a serving of fruit or a combination of fruit and juice at breakfast and lunch in order to fulfill new USDA reimbursable meal requirements. Most of our students are already good fruit and veggie eaters, but consumption of fruits and veggies is so important to our health that we ask you to work with us to continue to encourage these healthy choices. Also, water is now available in the cafeteria during meals.

We are happy to report that we will be participating in the **Fresh Fruit & Vegetable Program** again this year. All students will be offered a fresh fruit &/or veggie snack on school days, either late in the morning or in the afternoon. This is also a USDA funded program. Thank you! – Wendy Howard, Food Service

Note: The full price for a student lunch is now \$1.75 and full price for a student breakfast is \$1.25. The price of milk has increased to 50¢.

Our school is participating in the **Hannaford Helps Schools** campaign again this year. Program dates are **September 4th through December 3rd** and a list of more than 700 participating products is available online at hannaford.com/hhs and a brochure is being distributed with more information about the program.

Girls in grades 4 through 8 are invited to join **Girl Scouts**. A registration meeting will take place next **Wednesday, September 14th** from 3:45 to 5:15 at the Public Safety Building in Montgomery.

Have a great weekend!
